

Tuesday 2nd March

Learning Objectives:

|                                            |                         |                                     |
|--------------------------------------------|-------------------------|-------------------------------------|
| The Raft: Writing a letter home - Planning | Fractions - Subtracting | Topic - Chicago and the Great Lakes |
|--------------------------------------------|-------------------------|-------------------------------------|

English

Begin today's lesson by reading (or watching me read) the next page of the book - Page 8.

Today and tomorrow we are going to plan and write a letter home.

Consider how Nicky's feelings have changed since he arrived at Grandma's.

Use the planning sheet to help you organise your thoughts.

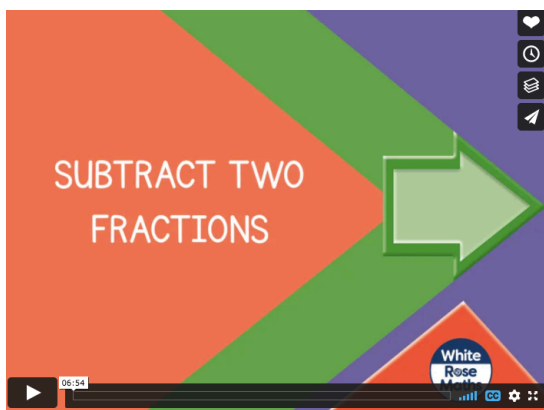

You will use this to help you write your letter tomorrow.

Maths

Spend 10-15 minutes practising your times tables.

Today we are going to start subtracting fractions.

For the Green sheet watch the following video and complete the sheet:

<https://vimeo.com/507597199>

For the Orange sheet go to this website and watch the video and complete the quiz before having a go at the sheet.

## Subtracting fractions with the same denominator

Part of Learning at Home

<https://www.bbc.co.uk/bitesize/articles/zb2q96f>

For the Red and Blue sheets work through the PowerPoint on the website before completing the sheets.

### Topic

Today we are going to continue our work on the Great Lakes and Chicago.

Continue to through the PowerPoint on the website completing the tasks as you go.

Today you are going to produce some information about Chicago in the same way you did about New York.
