

Friday 5th February

Learning Objectives:

Home sweet home - Edit a story from a character's perspective.	Fractions greater than 1.	DT: American Recipes
--	---------------------------	----------------------

Today you are going to edit your story.

Read your story through.

Have you completed your Success Criteria? Do you need to include anything else?

Work through the editing stations (can be printed from the website) and see if you can improve your work.

Maths

Practise your times tables for 10-15 minutes using TTRockstars or the practise sheets on the website. If you need your TTRockstars settings changing just let me know.

Today we are going to play a game to see how much we have learnt about Equivalent fractions.

Throw your dice twice and put the smaller number on top of the larger number to create a fraction.

Like this :

$$\frac{3}{4}$$

How many equivalent fractions can you think of for your fraction?

Repeat the activity until you are happy finding equivalent fractions.

DT

Find and bake/make a traditional American recipe. Use the ideas sheets for inspiration or choose one of your own. Americans are known for their pies!
