

Friday 29th January

Learning Objectives:

The Big Bird Watch	Area - Reasoning	French: Lesson One - Greetings.
--------------------	------------------	---------------------------------

This weekend is the Big Garden Birdwatch.

Instead of an English activity today, I would like you to get outside and take part in this National Birdwatch.

1

Pick a time

You can choose any hour between 29 and 31 January. So whether you're an early bird or a night owl, you can still take part.

2

Tell us what you see

Count the birds you see in your garden or from your balcony*. Ignore any birds that are still in flight. To avoid double-counting, just record the highest number of each bird species you see at any one time – not a running total.

*This year our advice is to take part in the safety of your own home. This could include a birdwatch from your window if you overlook a green space or courtyard.

3

Submit your results

Online: You can submit your results online at [rspb.org.uk/birdwatch](https://www.rspb.org.uk/birdwatch) from 29 January until 19 February.

By post: If you'd rather send your results by post, you can download a submission form below. Please post your results to us before 15 February.

Every count is important so, if you don't see anything, please still submit your result. Finding out which birds don't visit your area is as important as understanding those which do!

Use the resources on the Website to help you.

Maths

Practise your times tables for 10-15 minutes using TTRockstars or the practise sheets on the website. If you need your TTRockstars settings changing just let me know.

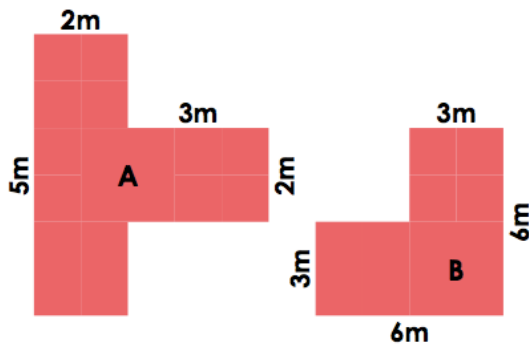

We are going to finish our unit on Area today.

We are going to use everything you have learned this week to answer questions about the area of chocolate boxes.

Look at the shapes below - compound shapes.
How can we find the area?

Split the shapes into parts to find the area.

1a. Find the area of the shapes. Which shape has the larger area?

Work through the PowerPoint.

Now have a go at answering the questions on the chocolate box sheets - green, orange and red. Choose one or two to answer.

Have a go at the extension activity for more of a challenge.

French

I know that you have all had different experiences of learning languages but this term we are going to learn French as a beginner.

Today we are going to learn some greetings.

Watch the song below a couple of times:

<https://www.youtube.com/watch?v=NXkJ88ygPY0>

Can you remember any greetings?

Play the Matching Pairs (Snap) game to see how many you remember.
