

Friday 9th September

Dear Parents,

Reading books

Your child will soon be bringing home reading scheme books. It would be beneficial for them if they begin to recognise the main characters in some of these books and also begin to recognise the characters' written names. We have therefore attached two sets of picture cards to help. One set can be used for reference and the other should be cut up for your child to match the character with the corresponding character name.

We have also attached the first high frequency words (tortoise words) that your child will encounter when they begin to take home reading scheme books with words. Please practice these words with your child as it will help them to read their books more fluently.

More information about how we teach early reading will be covered in the Class meeting on Thursday 6th October at 3:15pm.

Kind regards

Miss Moore and Mrs Rose
