

Toys through the decades.

Can you interview your parents and grandparents about the toys they played with when they were little, and record some details about toys from three generations of your family or friends, including details of your own favourite toy!

Can you/they draw a picture of the favourite toy?

Example ...

TOY	Farm Set	My parents' generation
Year / Decade	1980's	
Owner	my mum	
What it was made of	Wooden buildings and scenery, plastic animals and farmers	
How it worked	No batteries or mechanics	
Any other comments	I loved pretending I owned a riding school, building the fields, sorting the animals, and playing with the farm machinery!	

Please don't worry if you aren't able to ask someone from all three generations.
