

Children's clocks show these times:

30 past 9 is usually said as half past 9.

15 past 11 is usually said as quarter past 11.

Jive - Correct.

Twist - Incorrect. The clock says ten to 9.

Boogie-woogie - Incorrect. The clock says twenty past 8.

Jitterbug - Incorrect. The clock says twenty to 9.

The dance-a-thon lasts 2 and a half hours. In one hour, they would dance 12 dances. In half an hour, they would dance 6 dances. In total, they would have danced 30 dances.

$$12 + 12 + 6 = 30$$
