

Artwork Ideas

Here are some ideas, depending on the resources you have available at home. Please feel free to use any of these ideas or of course, your own. We would love to see your artwork and it would be so lovely for passers-by to see them too, so if you can find a way to display them for VE Day, that would be amazing.

We would also love it if those children who live in Buriton and are able to make poppies, could pop by on one of your daily walks and decorate our school railings by attaching your poppy or poppies to them. Again, photos of these would be amazing if possible.

Finger print poppies with paint:
