

## Equivalent Fractions Bingo

Click on the following website and play fractions bingo.

If you are unable to print the bingo card sheets, then you and the other players can choose and write down eight fractions on a piece of paper before playing.

Good Luck!

### Equivalent Fractions Bingo

When we begin, you will see fractions appear. If you see one that is equivalent to one on your board, write it down in the correct space. If you complete all eight, stop bingo!

[Print Game Boards \(Easier\)](#)

[Print Game Boards \(Harder\)](#)

[Begin Bingo!](#)

### Example Game Board

$\frac{1}{3} =$	$\frac{1}{6} =$	$\frac{2}{3} =$	$\frac{2}{5} =$
$\frac{1}{5} =$	$\frac{1}{8} =$	$\frac{1}{9} =$	$\frac{3}{4} =$

When you see an equivalent fraction, write it in!

The first person to correctly complete their board, wins!
