

## Learning overview 1<sup>st</sup> June.

Well Year 6...back to school for some of you next week! It will be lovely to see your smiling faces! Keep posting your lovely work on the blog, it's great to see what you've all been up to. Also, don't forget to join in Miss Green's maths session on Tuesday at 10am and our Thursday catch up at 11am on Zoom. We loved seeing your pets last time!

For those of you going to TPS in September, we're sure you've had emails from Mr Whitehouse welcoming you and setting some home learning tasks. We would like you to make a start on these this week.

Below are the links to the weekly transition activities and the booklet that goes with the presentation. The session for this week is Being Awesome.

Go Big, Be Awesome Workbook.

They have also set you a Game Changer Task which is a presentation all about you which you can start working on!

The Getting Ready to Go Big activities have also been included which are a range of fun tasks which you can choose to do.

We will continue working on the transition tasks when we get back in the classroom, or at home if you aren't planning on returning.

### [BBC Bitesize for Maths and English.](#)

Please continue using the BBC Bitesize website for the daily Maths and English lessons as they are a great resource. Supporting activities have been included.

You can reach these by visiting:

<https://www.bbc.co.uk/bitesize/tags/zncsscw/year-6-and-p7-lessons/1>

This week the learning is based on Algebra and Measures

The English activities are a mixture of spelling, grammar and punctuation as well as reading and writing.

### [English Unit for this week](#)

If you were looking for some interesting writing to do this week then look no further! We have used some of Harris Burdick's interesting pictures in class and this unit is

really fun, linked to him and his work. The link to this picture based unit is on the class page and includes all links and resources. Have fun!

### I See Maths

If you're looking for that extra challenge for Maths, these online problem solving lessons are great and we use the I See Maths materials at school so the children will be familiar with their set up. Access from <http://www.iseemaths.com/lessons56/> .

### CPD Books for Maths, English, Spelling, Grammar and Punctuation.

Please continue working through these at your own pace.

Read daily and continue working on TTRockstars.

### Science.

We will continue the theory of Evolution focussing of humans. Resources are provided.
