Newsletter

Welcome to the first Autumn Term Sports Newsletter. What an exciting and energetic start to the term! We have already had a few competitive events in September where our children have represented Buriton and have competed against other schools in the county, as well as our own events in school to get our children moving.

Football festivals at Dunhurst

Two fantastic afternoons of football fun were had by the Year 3 & 4 and 5 & 6 footballers who got to experience different positions and challenge themselves as they played against several local schools at Dunhurst last month. These two afternoons were all about having fun, so although there were no overall winners, our teams played extremely well together and won many of our mini matches, showing good team spirit and sportsmanship. This was all finished off with a delicious meal in the cafeteria!

Portsmouth Cross Country Races

In September, we went to our first meet at Portsmouth Hill for the cross country league for South East Hampshire. It was a great turn out, with 254 runners competing and after two laps of the route; there were lots of sufficiently red faces for a Friday afternoon run. Our Buriton team, although small, were amazing: Orla, Archie, Elodie and Arlo have made us proud. Go Team Buriton!

The children in Emeralds class have received their cycling proficiency. They spent two days on their bikes, learning about how to complete a safety check on their bikes and helmets, how to communicate with other road users and cycle safely on the roads around Buriton by sticking to the rules of the road. These are such important life skills that we hope they will continue to use in the future. All children of all abilities by the end of the sessions were riding a bike... they had such fun and learnt so much, it was a huge success.

Local Clubs: Motorcycle Trials

Dexter regularly competes in Motorcycle Trials competitions with his club, Surrey Schoolboy Trials Club. Back in 2021, he was presented with two 1st place trophies for winning both championships in his Rookie class (during his first full year of competing).

These events are observed trials and it's all about skill rather than speed. There will normally be 8 sections all containing different obstacles and the aim is to get through each section without touching the ground with his feet. What an amazing achievement, well done Dexter!

If you are part of a club, sports team, have a sports achievement to celebrate or have competed in a competition outside of school and would like to appear in the next newsletter, please let us know and send us a picture of you taking part. Also, if you have any recommendations for clubs or activities in the local area that you think others might enjoy, we would love to hear about those too.

Have fun and take care,

Mrs Holloway
