

Copy of email sent to parents, Monday 15 June 2020, with children's letter:

Dear Parents

Please find attached a letter for the children who are not attending school. Those children who have been in school have been adjusting to the new routines and protocols extremely well and continue to make us feel very proud of them every day.

Up until last week, I was hoping that we would be welcoming all the children back to school before the summer holidays; however the government have decided that this is no longer the case. At the moment all our classes are occupied including the resources area in the middle of the school. All staff are working with groups and there is no further capacity to have any additional year groups back. The situation at the moment is that the government intends for all children to return in September, but how and what this will look like, nobody knows!

I will of course keep you informed of any changes and further developments as they arise. Many thanks for your continued support.

Stay safe and well.

Kind Regards

Mrs Brown
