

15th June 2020

Dear Children who are still at home

I had hoped that many of you would be able to return to school for a short time before the summer holidays but it doesn't look like that will be possible. So this means that you get to carry on doing the lovely activities for home learning that your teachers have carefully prepared for you on your class page on the school website.

Please remember to upload photos of your learning or the interesting things you have been up to on the blog, or just write a message to your class mates or teachers.

Last week on the blog, I enjoyed seeing Lola's jar of wishes and her wonderful wishing stars too. Lola also uploaded a fantastic science experiment to the video centre which demonstrates the effectiveness of soap! Do take a look. Izzy K has been working hard going lots of home learning in Maths and English and made a beautiful walking crab and the most colourful jelly fish I've ever seen! Claudia shared how much she's enjoying reading *Gansta Granny* and Alex and Zach shared a photo of them enjoying some leisure time whilst playing a game of pool.

So this week's set of new challenges are:

- *Design and make an obstacle course at home or in the garden. How fast can you complete it?*
- *Draw a map of your local area and highlight any interesting landmarks.*
- *Make up a dance routine to a favourite song. Can you teach it to a member of your family?*

I hope you all have a super week and that you stay safe, well and look after each other. I'll be in touch soon.

Love

Mrs Brown
